

- Founded in 2013, BBTTO is a premium manufacturer specializing in 100% Platinum Silicone products.
- BBTTO offers a diverse silicone product line that includes kitchen wear, personal care and baby care.
- Our mission? To elevate everyday wellness from kitchens to skincare — using the safest, most durable silicone on the planet.
- The platinum catalyst manufacturing process guarantees that the products are free from harmful substances like endocrine disruptors, making them safe to use without worry.
- All raw materials and final products are certified to meet international safety standards, ensuring full traceability and consumer confidence.

More Than Just Silicone!

FDA-certified Platinum Silicone

Made from Quartz Sand, BPA-free, hypoallergenic, heat resistant (-40°C to 250°C).

Versatile Range

Kitchenware, personal care tools, baby-safe products and more.

In-House R&D

Every product is backed by testing, customer insight, and precision design.

Eco-Conscious & Reusable

Built to last, designed to reduce plastic waste.

KITCHENWARE

"Platinum Silicone Kitchen Essentials"

BBTTO PLATINUM SILICONE COOKING POT

Platinum Silicone's higher purity ensures it does not affect the taste or smell of food, making it particularly suitable for culinary applications

Designed for real-life convenience, this pot handles it all - from **oven baking** to **microwave reheating**, and even **steaming** - safely and effortlessly.

Perfect for preparing various dishes like vegetables, frozen meals, or soft steamed eggs.

Super Finish Treatment

All BBTTO Cooking Pots come with this premium surface finish for effortless cleaning, no sticking, and long-lasting clarity

① Tip: What is Super Finish?

It is a surface gloss finish technology that minimizes material sticking and discoloration, just like a coating pan.

Unique Translucent Silicone Lid

The Translucent Silicone Lid allows you to check the condition of ingredients while cooking.

Steam Hole maintains the moisture of steamed materials by equilizing the pressure inside and outside the container

PERSONAL CARE "Hygienic Beauty Tools - Soft, Safe, and Stylish"

BBTTO PLATINUM SILICONE

BODY CLEANSING BRUSH

 Since 2015 BBTTO produced more than 1.4 million Platinum Silicone Baby Brushes and Body Brushes ...

 We collected and analyzed 1,000 inconveniences felt while using the Baby Brush and Body Brush through 2 years of research and we created the BBTTO Platinum Silicone Body Cleansing Brush

B: ITO

- 1975 Silicone Bristles Brush!
- **Unique** internal structure for creating a refreshing rich foam
- Cold and heat-resistant temperature: -40°C~250 °C
- Insert your hand upside down utilizing the finger-shaped part of the brush
- Heel Exfoliation with the opposite side!

Length: 165mm

Height: 105mm

Weight: 100g

• Cold and heat-resistant temperature: -40°C~250 °C

Colors: Lavender, Heavenly Pink, Olive, Baltic Blue,
Opal Mint, Mimosa, Hazelnut, White

Unique Properties

- 1. Platinum Silicone material prevents tearing.
- 2. Prevents slipping when a finger is inserted.
- 3. The closely spaced brush bristles makes more bubbles.

Platinum Silicone doesn't leach harmful chemicals like BPA, phthalates, or heavy metals even with prolonged skin contact.

B: ITO

Weight: 30g

• Length: 80mm

Width: 66mm

• Cold and heat resistance : -40°C ~ 250°C

Colors: Neon yellow, Opal mint, Baltic blue, Hazelnut, Pink Peach, Heavenly Pink, Lavender, Navy

BBTTO Platinum Silicone SHAMPOO BRUSH

 Deep Stimulation, Enhanced Scalp Health, Hygienic!

• Optimized brush spacing to prevent hair from getting tangled.

Platinum Silicone is hypoallergenic, meaning it is unlikely to cause allergic reactions.

Enhanced Scalp Stimulation & Circulation

- Designed to deliver a gentle yet effective massage that promotes blood circulation.
- Increased blood flow is essential for nourishing hair follicles, potentially stimulating hair growth and contributing to overall scalp health.
- Continuously exfoliating with a rough scalp brush can irritate pores and cause sebum secretion.

Cat Modeled Design

A grip with a voluminous feel that fits comfortably in the palm of your hand.

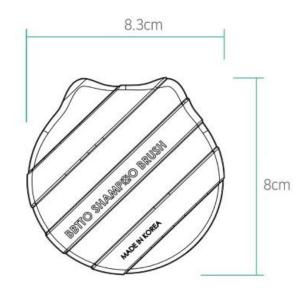

Material: Platinum Silicone, ABS Plastic Cold and heat resistance: -40°C ~ 250°C

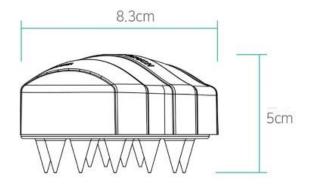

Diameter: 8.3cm

Height: 5cm Weight: 73g

Microwave sterilization is only possible for the Silicone (30 seconds)

And boiling water sterilization (10 seconds)

Colors: Navy and Mint

Rethink Your Shower Routine

Shower balls trap moisture and dead skin, creating the perfect breeding ground for bacteria — **up to 7,000 bacteria in just 24 hours**! This can lead to skin irritation, breakouts, or worse.

Why Platinum Silicone Is the Safe Alternative?

- Non-porous Surface: Unlike traditional mesh shower puffs, platinum silicone is non-porous, meaning it doesn't trap moisture, dead skin cells, or bacteria.
- **Quick-Drying:** It dries fast, cutting off the warm, wet environment bacteria need to grow.
- Heat-Resistant & Sterilizable: You can safely sterilize it in boiling water or a microwave, killing 99.9% of germs effortlessly.

Gentle and non-irritating like a mother's hand.

- With the unique Platinum Silicone soft texture, bathe without irritating even a baby's delicate skin!
- After bathing, shake off the water and just hang it up in a wellventilated place and you're done!

Shake off the moisture and hang to store!

• Length: 108mm

• Width: 97mm

• Bristle length: 7mm

• Thickness: 22mm

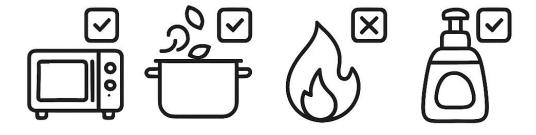

• Cold and Heat resistance: -40°C ~ 250°C

Colors: Blue, Pink

Precautions for use!

(Applicable to all BBTTO Platinum Silicone products)

- Wash before first use.
- Dishwasher safe.
- For sterilization, place in microwave for 10 seconds or boil for 30 seconds.
- Avoid contact with sharp objects to prevent damage.
- Do not place directly on stovetops, flames or heated pot bottoms.
- After washing, dry before storing
